

# Ultra Light

**The Zeta Ultra Light is a replacement for all High powered Internal and external lighting.** Rated at 100w savings of over 300w can be achieved allowing for significant energy and Carbon Savings. The Innovative Design of the housing allows heat to be dissipated giving the unit its 50,000 hour lifetime. Using oval LED technology gives an impressive spread of light that can span over 15 meters.

## Performance

- 100W
- 50,000 hour lifetime
- 6500 Lumen output

## Advantages

- Reduction in energy consumption
- Maintenance free for 50,000 hours
- Carbon Trust funding opportunities

## Application

- Internal high bay replacement
- External floodlighting replacement
- Tunnel lighting

## Features

- 50,000 hour lifetime
- LED energy saving lighting
- Unique wide angle LED technology
- Easy replace power supply
- Intelligent heat dissipation technology

## Zeta Ultra Light

- 100W power consumption to replace 250W–400W sodium lamps
- Available in cool white and warm white
- Innovative design of housing to allow heat dissipation and wide angle LED light spread

## Specification

Power	100W
Voltage	AC90~265V
Power Factor	≥0.9
Lumen Output	6,500
RA	≥75~90
Lifetime	≥50,000 hours
Central Illuminance (1m) (LUX)	430 (6,000K)
Colour Temperature	2,500-10,000K
IP Rating	IP65
Weight	12.4Kg
